EXPERIENCE

02.2020 - Full Stack Web Developer Intern
09.2022

No one yet

- I am a dedicated Web Developer and designer driven by a profound love for programming. My journey in technology has been shaped by hands-on experience and a relentless pursuit of knowledge, surpassing the confines of formal education. As an overthinker, I thrive on delving deep into challenges, unraveling complex problems, and crafting elegant solutions. Beyond coding, I find inspiration in [mention any specific interests or hobbies], constantly fueling my creativity and drive.
- Facilitated cross-functional team collaboration to address technical challenges and deliver high-quality web solutions.
- Created and maintained comprehensive documentation for development projects to support future maintenance and scalability.
